## Connection with Others

|                                                                                               |  |
|-----------------------------------------------------------------------------------------------|--|
| What does their play look like?                                                               |  |
| What do their friendships look like?                                                          |  |
| How do they interact with adults?                                                             |  |
| What is important to them?                                                                    |  |
| What do they find difficult? This might include their frustrations or things that upset them. |  |

If the child is non-speaking please now only complete the 'Following Instruction' section, before proceeding to Page 5: Summary and Next Steps.

## Speaking

|                                           |                                                                                                                                                                   |                                                       |
|-------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------|
| Stammering                                | You might notice:<br>- repeating words, or parts of words<br>- stretching of words<br>- getting stuck on words                                                    | What have you noticed and what impact does this have? |
|                                           |                                                                                                                                                                   |                                                       |
| Quiet Children /<br>Situational<br>Mutism | You might notice:<br>- they talk to parents or peers, but do not yet talk with less familiar adults<br>- parents and setting staff observing different behaviours | What have you noticed and what impact does this have? |
|                                           |                                                                                                                                                                   |                                                       |

If you have identified an impact in the 'Speaking Section' above do not complete the rest of the Screening Tool. You should proceed directly to Page 5: Summary and Next Steps.

## Following instructions

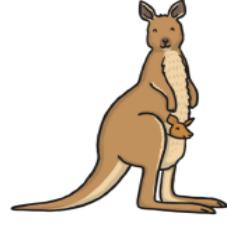

Following instructions has three sub-sections: 3 word level instructions, object function and who/where questions.

*Equipment: you will need a horse, pig, chair and table to complete the 3 word level instructions sub-section.*

|                           |                                                                 |   |
|---------------------------|-----------------------------------------------------------------|---|
|                           |                                                                 | ✓ |
| 3 word level instructions | Instruction: 'Make the <u>horse</u> sleep on the <u>chair</u> ' |   |
|                           | Instruction: 'Put the <u>pig</u> under the <u>table</u> '       |   |
| Object Function           | Instruction: 'Can you show me something you <u>sit</u> on'      |   |
|                           | Instruction: 'Can you show me something you <u>wear</u> '       |   |
| Who/where questions       | Instruction: 'Who do you live with?'                            |   |
|                           | Response                                                        |   |
|                           | Instruction: 'Where do you sleep?'                              |   |
|                           | Response                                                        |   |
| Total                     |                                                                 |   |

## Vocabulary

Vocabulary has three sub-sections: action words, concepts and naming.

|                                                                                               |                                                                                      |                                                                                       |
|-----------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|
|                                                                                               | Response                                                                             | ✓                                                                                     |

## Sentences

Instruction: 'Let's look at these pictures'. Ask 'What's happening?' for each picture. Record the child's response. Award one point for the underlined grammatical feature and one point for the use of 3+ words.

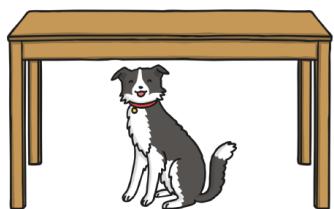

"The boy is eating pizza"

Response

'-ing'

3+ words

'The dog is under the table'

Response

'under'

3+ words

'The girl is kicking the big ball'

Response

'big'

3+ words

**Total**

|                         |       |  |
|-------------------------|-------|--|
| Sentence score of 5 - 6 | Green |  |
| Sentence score of 3 - 4 | Amber |  |
| Sentence score of 0 - 2 | Red   |  |

## Story-telling

Instruction: 'Let's brush our teeth. I'll tell you what to do'. Point to the relevant picture as you tell the story. 'Now you tell me what to do...'

1. Award one point if 2 key words are used per story part
2. Consider the child's sequencing and award the appropriate number of points
3. Add key word score to sequencing score

Record the child's responses on a separate page and then transfer below.

**'We put toothpaste on our toothbrush'**

**'We brush our teeth'**

**'Then wash our toothbrush and put it away'**

Story told in correct sequence with no prompts

2 point

Story told in sequence, but prompts needed

1 point

No sequence to the story

0 point

**Total**

|                                    |       |  |
|------------------------------------|-------|--|
| Total Story-telling score of 4 - 5 | Green |  |
| Total Story-telling score of 2 - 3 | Amber |  |
| Total Story-telling score of 0 - 1 | Red   |  |

## Speech Sounds

Instruction: 'Tell me what you can see'.

Record the child's responses. Pay particular attention to the underlined sounds.

|              | Response | ✓ |
|--------------|----------|---|
| moon         |          |   |
| teddy        |          |   |
| hat          |          |   |
| puppy        |          |   |
| apple        |          |   |
| <b>Total</b> |          |   |
